# MLAMBE GOLF COURSE

The Mlambe Golf Course is located alongside the Retreat. The course offers nine holes of par three golf in a unique African setting, which golfers will find as challenging as it is beautiful.

Mlambe, meaning baobab in the native language, is mesmerizing with its indigenous vegetation, some varieties which are hundreds of years old. Beautiful birds such as malachite kingfishers, lilac breasted rollers, African Jakanas ("Jesus birds), and fish eagle's habitat in this untouched topology, making the course as interesting to the sporty as the keen birders and those fancying a romantic stroll.

Please find the attached map and contact reception for arranging Tee-times or further information by dialing 269 or 279.
